16 students from Bordeaux went to Rotterdam for their projects

Monday: The students took a 2-hour flight and arrived at the hotel to settle in. They were welcomed by the Dutch partners. A first visit of the school and the city was organized

Tuesday: We visited the city, the port of Rotterdam, a museum and took a boat to visit the canal that runs along the port. At the end of the day, we returned to the campus to have a video conference with the students of Porto and to present our projects.

Wednesday: discovery of the city through a 3-hour cultural rally. This was followed by a lunch break, a cab boat ride to the start-up incubator where the teams started working on their respective projects. The day ended with free time for shopping, discovery... .

Thursday: visit to the Witte de With Contemporary ART museum, the spice mills. We met for a review of the week on campus and we started the individual interviews. The day ended with a friendly pizza party.
